"The auction offering of refined Sugars this morning, drew together a large attendance of representatives of the gracery jobbing trade, partly to learn the results. The terms of the sale were make on delivery. The first lot offered consisted of 66 bble circle A crushed. The quantity put up was 25 bble, with the privilege of the lot. It was started at \$140 and fin-ally knocked down to an Oregon house at 1054c. This was regarded as a sort of key-cute to the sale, but was really the highest orice paid, and considerably higher than the regular trade schedule adopted by one of the other reducties on the lat instant. The next line offered consisted of 350 hf bids of the same grade. This ought to have brought be more than the blvis, but actually sold for \$40 loss. The lot was taken by three houses. The lot of Granulated Sugar sold at 9500 for wet and 9500 for dry, and the Golden C brought 8500. The above lots were offered by the San Francisco and Pacific Refinery, which resumed work a little over a week ago, and consisted of their entire product. The sale was construed as a retailation on the conduct of the California Refinery, in reducing their rates on the 1st instant 134; on Whites and Jo on Tellow.
